

Valdobbiadene prosecco superiore  
docg

brut nature

## Elegant and complexity

This is the wine in which the delicate varietal aromas of the grape and the mineral notes from the soil are fully expressed. After slow fermentation of the must, the wine ages on the fine lees in a tank for six months. In spring the wine undergoes secondary fermentation in a pressure tank (Martinotti method) after which, within the space of one or two months, the yeasts are removed by filtering. Although this passage may seem invasive and negative for the integrity and genuineness of the wine, it is instead decisive in enhancing its fresh clear fragrances and its dynamic yet delicate flavour.

Grape: Prosecco (Glera) with Verdiso, Perera,  
Bianchetta

Terroir: marly – clava

Vineyard: 1.5 hectares in Saccol

0.5 hectares in San Giovanni

0.2 hectares in Vidor (Soprapiana)

1.3 hectares in Santo Stefano (Cartizze)

Training systems: double inverted system and guyot

Treatment: sulphur, copper, algae extracts, zeolites,  
manure-horn, silica-horn

Yield for hectar: 80 q.li about

Cistern: cement, inox

Foam formation: martinotti method

Foam formation: neutral selected yeast

Sugar: 0 g/l

Sulphur: 100 mg/l

Alcohol: 11.5% vol

Vintages produced: 2001 to 2016

Vintage year: 2016

Bottles: 27500
