CHARDONNAY 2014

DOC Friuli Colli Orientali

Chardonnay is a grape native of France but has spread to all the wine growing areas of the world and for centuries now has been planted in Friuli, where it found one of the most suitable areas and today it can be considered one of the typical grapes of the region. A fresh and fruity wine, it is fermented and vinified in steel vats. With time it becomes more and more complex, yet keeping the aromas typical of its variety.

Serving suggestions Excellent as an aperitif, it also goes well with fish and crustacean dishes.
